

A **LEMOINE** COMPANY  
Potable Water

# THE NATION'S LEADING PROVIDER OF Emergency Potable Water

With nearly a century of expertise in fuel and transportation services, Macro, a LEMOINE company, operates the largest dedicated fleet of emergency potable water tankers in the U.S. Our fleet includes over 130 full-size, 6,000-gallon stainless steel tankers, along with smaller units, ensuring the rapid delivery of clean, safe potable water whenever and wherever it's needed.

**Turnkey Solutions:** Our capabilities extend far beyond water transportation. We provide complete turnkey solutions, including pumps, RO systems, poly-tanks, fittings, hoses, and expertly trained personnel who ensure efficient operations and seamless connections to any facility or water infrastructure.

## COMPREHENSIVE SUPPORT SERVICES

Water Trailers

## EMERGENCY RESPONSE + DISASTER RECOVERY RAPID RESPONSE FOR CRITICAL EVENTS

Macro, a LEMOINE company, has a proven track record of responding swiftly to disaster events, ensuring communities and businesses regain access to safe drinking water. Our teams are experienced in:

- **Hurricanes** – Immediate deployment following infrastructure damage and power loss.
- **Floods** – Supporting municipalities when water treatment facilities are compromised.
- **Winter Storms** – Delivering potable water when freezing conditions impact supply lines.
- **Tornadoes** – Restoring water access to affected communities.
- **Water System Outages** – Support municipal water systems
